COMPANY OVERVIEW

ABOUT US

PT. THI Mandiri Indonesia is an Indonesian manufacturer of commercial and industrial refrigeration systems, delivering reliable, energy-efficient, and customized cooling solutions for customers across a wide range of industries.

As the Indonesian subsidiary company of THI refrigeration, Korea, established in 1988, we combine more than 35 years of refrigeration engineering expertise with local manufacturing excellence to provide complete refrigeration solutions that meet international quality standards.

Located in Bekasi International Industrial Estate (BIIE), West Java, Indonesia, PT. THI Mandiri Indonesia is committed to delivering high-performance and energy-efficient refrigeration systems through engineering excellence, continuous innovation, and adherence to international quality standards, ensuring consistent performance and reliability.

ESTABLISHED
2020

LOCATION

CORE BUSINESS

Commercial & Industrial
Refrigeration Solutions

MISSION

- ✓ Deliver high-quality refrigeration products that meet international standards.
- ✓ Provide customized engineering solutions based on customer requirements.
- ✓ Continuously enhance our engineering, manufacturing, and quality capabilities.
- ✓ Deliver responsive after-sales service and technical support
- ✓ Build long-term partnerships through trust, innovation, and customer satisfaction.

VISION

To become a trusted and leading provider of commercial and industrial refrigeration solutions, delivering innovative, reliable, and energy-efficient systems that create long-term value for customers worldwide.

OUR STRENGTHS

EXPERIENCED TEAM

Skilled engineers and professionals with strong expertise in refrigeration system

QUALITY & RELIABILITY

Committed to quality, reliability, and international engineering standards.

CUSTOMIZED SOLUTIONS

Engineering solutions tailored to meet unique customer requirements.

SERVICE & SUPPORT

Responsive after-sales service and technical support you can count on.

OUR REFRIGERATION SOLUTION

THI offers a comprehensive range of high-performance refrigeration equipment for both commercial and industrial applications.

COMMERCIAL REFRIGERATION

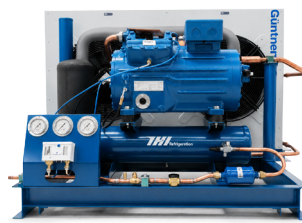

FULLY HERMETIC SCROLL CONDENSING UNIT COPELAND COMPRESSOR

Advanced scroll condensing units designed for energy efficiency, quiet operation, and reliable performance.

SEMI HERMETIC RECIPROCATING CONDENSING UNIT BITZER COMPRESSOR

High efficiency semi hermetic reciprocating condensing units equipped with Bitzer compressors, engineered for durability and optimal system performance.

SEMI HERMETIC RECIPROCATING CONDENSING UNIT BOCK COMPRESSOR

Robust semi hermetic reciprocating condensing units with Bock Compressors, built for heavy-duty applications and long service life.

SEMI HERMETIC SCREW CONDENSING UNIT HITACHI COMPRESSOR

High performance screw hermetic condensing units with Hitachi screw compressors, ideal for large capacity and industrial cooling demands.

INDUSTRIAL REFRIGERATION

We provide customized refrigeration solutions to support a wide range of industries
Choose the solution that fits your business best.

FOOD & BEVERAGE

Refrigeration for processing, storage, and distribution, ensuring safety, efficiency, and quality.

PETRO CHEMICAL

Customized cooling and gas solutions engineered for safety, efficiency, and reliability Service and maintenance

SERVICE & MAINTENANCE

Skilled engineers deliver reliable maintenance, technical support, and optimized equipment performance.

HEAT PUMP

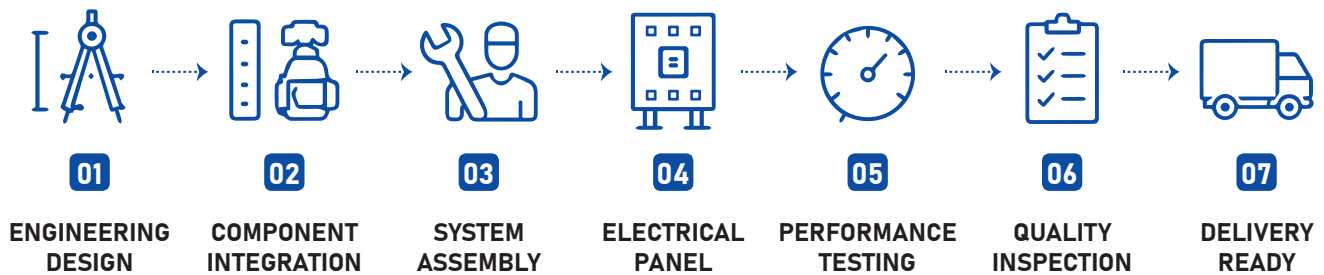

High efficiency ammonia heat pump for sustainable energy recovery and cost savings

BUILT WITH PRECISION COMMITTED TO QUALITY

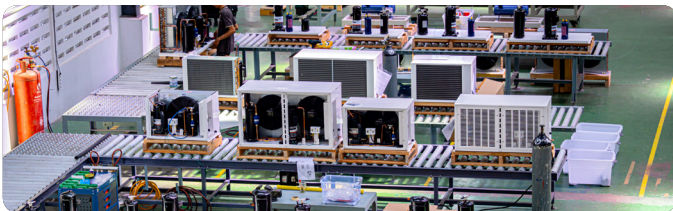

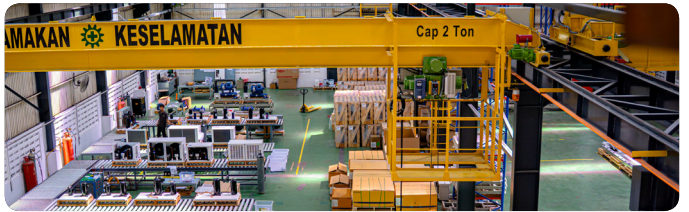

Our production facility is equipped to manufacture a wide range of commercial and industrial refrigeration systems with consistent quality, supported by integrated engineering, manufacturing, testing, and quality assurance processes.
